CURRICULUM VITAE
PD Dr. rer. nat. habil. Sebastian Bocquet

sebastian.bocquet@physik.lmu.de
Ludwig-Maximilians University (LMU) Munich, Faculty of Physics
Universitäts-Sternwarte, Scheinerstr. 1, 81679 München, Germany

EDUCATION AND ACADEMIC APPOINTMENTS

LMU Munich, Privatdozent (lecturer)	since 2026
LMU Munich, Habilitation in Astrophysics	Oct 2025
LMU Munich, Akademischer Rat auf Lebenszeit (senior staff scientist)	since 2023
LMU Munich, Akademischer Rat auf Zeit (research scientist)	2018 – 2023
Argonne National Laboratory, postdoctoral researcher **KICP University of Chicago**, associate fellow	2016 – 2018
LMU Munich, postdoctoral researcher	Jul 2015 – Dec 2015
LMU Munich, PhD in Astrophysics, *magna cum laude* Thesis: *Galaxy Cluster Cosmology*, Advisor: Prof. Dr. J. Mohr	2011 – 2015
LMU Munich, Diploma in Physics, *with highest honors* Thesis: *The Dark Higgs Portal*, Advisor: Prof. Dr. S. Hofmann	2005 – 2011
ENSPG Grenoble (ERASMUS exchange student)	2007/2008

RESEARCH INTERESTS

- Analysis of cosmological survey data (South Pole Telescope, Dark Energy Survey, eROSITA, *Euclid*, Rubin/LSST, CMB-S4)
- Galaxy cluster cosmology and astrophysics, gravitational lensing
- Structure formation and numerical cosmological *N*-body and hydrodynamic simulations
- Statistics and Machine Learning: Bayesian parameter inference, Gaussian process interpolation for emulators, neural networks for source finding

MANAGEMENT AND LEADERSHIP ACTIVITIES

Coordinator of the Astrophysics Masters program at LMU	since 2024
Member of the Dark Energy Survey publication board	since 2024
Euclid consortium: Co-lead of Cluster Likelihood work package	since 2024
Co-convener of the DES Clusters working group (Dark Energy Survey)	2020–2024
Diversity, Equity, Inclusion committee (Dark Energy Survey)	2021–2023
Co-lead of the DES cluster cosmology analysis team (Dark Energy Survey)	2019/2020
Co-lead of the DESxCMB cluster analysis team (Dark Energy Survey)	2019–2021

SELECT ACTIVITIES

Lead organizer for international workshop at MIAPbP (Garching, Germany) https://www.munich-iapp.de/cosmology22	2022

ORIGINS–Cluster of Excellence https://www.origins-cluster.de/en/ since 2018
Large-Scale Structure, Dark Energy, Dark Matter

Part of OC of Argonne HEP *Young Scientist Symposium Series* 2017

Journal Referee (ApJ, A&A, JCAP, MNRAS, PRD)

International Collaborations

Euclid consortium since 2020
Next-generation optical/NIR space-based cosmological survey

CMB-S4 collaboration since 2016
Next-generation millimeter-wave cosmological survey

Vera C. Rubin/LSST Dark Energy Science Collaboration (DESC) since 2016
Next-generation optical cosmological survey

Dark Energy Survey collaboration since 2013
State-of-the-art optical cosmological survey

South Pole Telescope collaboration since 2011
State-of-the-art millimeter-wave cosmological survey

eROSITA DE consortium 2012 – 2015; 2018 – 2022
Leading X-ray cosmological survey (early data analysis)

Talks and Presentations

Invited Talks: Conferences & Colloquia

Astrophysical Colloquium, INAF-Astronomical Observatory of Trieste, Italy 2026

Sexten Center for Astrophysics, Italy 2025
Tracing Cosmic Evolution with Galaxy Clusters V

KICP Chicago, USA 2025
mm Universe 2025

Physics Colloquium, Ruhr-Universität Bochum, Germany 2024

Main Colloquium, MPIfR, Bonn, Germany 2024

Institut Pascal, Paris-Saclay, France 2024
AstroParticle Symposium 2024

20th Rencontres du Vietnam 2024
29th International Symposium on Particles, Strings, and Cosmology (PASCOS)

Noirmoutier, France 2024
Exploring the Dark Side of the Universe – Tools

ESO, Garching, Germany 2024
Munich Joint Astronomy Colloquium

Institut Pascal, Paris-Saclay, France 2022
AstroParticle Symposium 2022

Flatiron Institute, New York City, USA 2022
Sunyaev-Zel'dovich Science in the 2020s: Connecting Theory, Simulations, and Observations

ESA (ESAC) Madrid, Spain 2021
A Multi-Wavelength View of Galaxy Clusters

LSST-Athena synergies workshop 2021

Trieste, Italy 2020
Dissecting Cluster Cosmology (postponed due to Covid-19 pandemic)

Sexten Center for Astrophysics, Italy 2020
Hot Topics in Astrophysics II (cancelled due to Covid-19 pandemic)

University Observatory LMU Munich, Germany 2020
Institute Colloquium

APC Paris, France 2019
Towards Coordination of the European CMB program

Sexten Center for Astrophysics, Italy 2019
Tracing Cosmic Evolution with Galaxy Clusters IV

University of Sussex, UK 2019
Astronomy Colloquium

ICTS Bangalore, India 2019
Cosmology – The Next Decade

Jena University, Germany 2018
German Long Wavelength Consortium Annual Assembly

Kavli Institute for Cosmology, Cambridge, UK 2018
Consistency of cosmological datasets: Evidence for new physics?

Max Planck Institute for Astrophysics, Germany 2013
Return of de Sitter II

Select Invited Talks: Seminars

Universität Innsbruck, Austria 2024
Joint Institute Seminar

University of Cambridge, UK 2023
Cosmology Lunch

Institut d'Astrophysique Spatiale, Orsay, France 2022
Cosmo-seminar

University of Trieste, Italy 2020
Astrophysics Seminar

MIT, Cambridge, USA 2020
Astronomy Lunch talk

University of Michigan, Ann Arbor, USA 2017
Astronomy Seminar

CfA Harvard, Cambridge, USA 2016
Galaxies & Cosmology Seminar

Fermilab, Batavia, USA 2016
Astrophysics Seminar

Max Planck Institute for Astrophysics (MPA), Garching, Germany 2015
High Energy seminar

Max Planck Institute for Extraterrestrial Physics (MPE), Garching, Germany 2015
Optical and Interpretative Astronomy (OPINAS) seminar

Select Contributed Talks: Conferences and Workshops

Cosmology on the Steep Rise, Sexten Center for Astrophysics, Italy 2025

Frontiers in Cosmology and Gravitational Physics, Portsmouth, UK	2024
Observing the mm Universe, Grenoble, France	2023
Neutrino Cosmology Day, Garching, Germany	2022
mm Universe @ NIKA2, Rome, Italy (remote)	2021
KICC 10th Anniversary Symposium, Cambridge, UK	2019
CMB in Germany, MPA Garching, Germany	2018
Clusters 2017, Santander, Spain	2017
COSMO-16, Ann Arbor, USA	2016
SnowCluster, Snowbird Utah, USA	2015
Cosmology with galaxy clusters in the XXI century, Madrid, Spain	2014

OUTREACH

ESO Supernova, Garching *Kosmisches Kino "Die verborgene Struktur des Weltalls"*	2026
Wilhelm-Förster Sternwarte, Berlin	2025
To the Big Bang and back Astronomy on Tap, Munich	2025
Guest at SPACETIME TV show	2024
Workshop for school teachers in science *Akademie für Lehrerfortbildung und Personalführung, Dillingen*	2024
Café & Kosmos cafeundkosmos.de	2024
Adler Planetarium, Chicago, adlerplanetarium.org *Astronomy Conversations*	throughout 2017
